Secure Left and Right Storage with Lockable Lids and Integrated 12V Power Socket

**12V USB Port**  
Convenience for Mobile Phone Charging

**12V Lighter Power Socket**  
Compatibility with Various Power Output Sockets

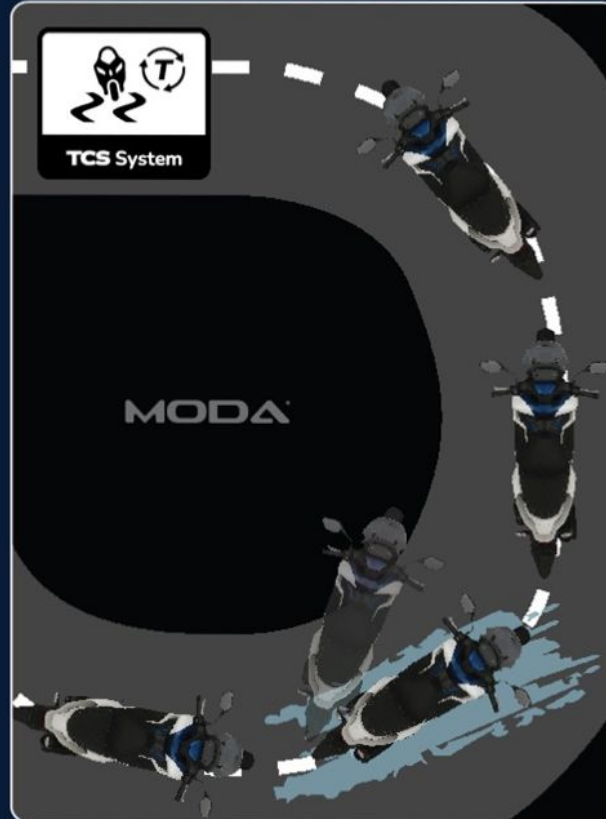

## TECHNICAL HIGHLIGHTS

## RIDE & HANDLING

The Traction Control System (TCS) primarily targets the rear wheel, reducing power to reducing power to regain traction and maintain stability.

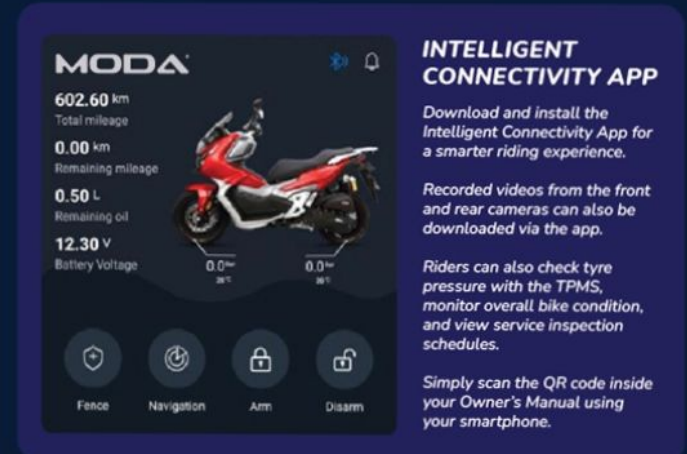

By automatically adjusting power, TCS helps the Shifter 400X stay stable and safe, even in tricky conditions. This system is especially helpful for maintaining control when riding on wet sandy roads.

## RIDE APP NAVIGATION

The TFT LCD colour meter display can be connected to the mobile-phone via Bluetooth (Scan QR) and can connect using CarBitRide application.

Riders be able to mirror-screen map navigation displays and incoming alert notifications directly from the phone to the meter screen.
